The Work Force Ready Campaign was to identify the skilled labourers in our territories and to assess the training needs and interest. SMLP is working with Confederation College to develop a training strategy with a 3 Tier approach. Tier 1 involves Life Skills training and Grade 12 upgrading. Tier 2 are those having a minimum of grade 12 education and have the details of what the apprenticeship trades program entails. Tier 3 are those who meet all the requirements for Pre-Trade program that lead to apprenticeship jobs. It is important to submit resumes, diploma's, certifications, so we can place the applicant in the proper Tier.

We have a number of projects in various stages of negotiation across the province. This will ensure applicants in these geographical regions are considered for employment.

- It is important to know how many Journey men/woman we have to assist with our training strategy.

- To further enhance your application profile, please submit your resume, certifications, diplomas.
